

AS350 B3 (H125) FLI repeater devices mounts

Description

Swiss Helicopter Engineering has developed and certified in cooperation with AKV Inc. (www.akvinc.com) mounts for the tablet / smartphone devices used for the DCS1100 FLI repeater. The mounts allow an easy installation of pilot's tablet / smartphone and ensure absence of vibration on the device. A USB power supply system for the tablet / smartphone device is available in option.

Helicopter Engine Monitoring Systems

Modification details

- ✓ Mounts compatible with H125 Maximum Pilot View Kit (MPVK)
- ✓ Dedicated mounts can be installed at the following locations
 - On cockpit floor, forward of the external load floor window
